Lynda Bullock	Term Expires 1990
Mary A. Spinney	Term Expires 1990
Ethel K. Volz	Term Expires 1990

## SELECTMEN'S LETTER

One of the most significant events of recent years has been the imminent closure of Pease Air Force Base. The demands posed by Pease's closure have been unrelenting. The Selectmen are particularly appreciative of the long hours and extra effort put forth by our Planning Board under the leadership of the Board's Chairman Marlon Frink. We are also indebted to our Town Planner Tom Morgan who has given Pease top priority on his busy schedule. Without the efforts of our Planning Board and Town Planner, we would not have been able to protect the vital interests of the townspeople to the extent we have.

We are also appreciative of the many residents who have come forth with ideas, support and encouragement. It has meant a great deal to us. Certainly without such support and unity Newington would be in a much weaker position relative to the immense challenges that face us.

As this report goes to print, our efforts to exert jurisdiction on land east of the Pease runway have been mostly unsuccessful. We remain optimistic however, as to the fate of the 1300 acres west of McIntyre Road. It appears at this time that long hours and hard work will bear fruit, and the Western portion of Pease will become a Wildlife Refuge consistent with the vote of the townspeople in March 1989.

The new police station was dedicated in July 1989. We are very pleased to note that this new building will be paid for in full at the end of 1990. Also of interest, the Fox Point property is now completely paid for and owned by the Town free and clear. We should all be proud of our Town Treasurer for his prudent fiscal management.

The Old Parsonage has been completely renovated and the Historical Society has opened it for summer tours. Alarm systems are in place and this year the Selectmen will have lightning rods installed.

Our General Government budget we have proposed, and received

the full support of the Budget Committee, to appropriate funds to raze the Fox Point Manor House. After inspection and review of costs it was determined that to restore the building for public use would be cost prohibitive.

Our regular meetings are held the 1st and 3rd Mondays of each month. We have some afternoon meetings (which are open to the public) basically to deal with Pease, the budget and the ongoing issue of the request for abatement of taxes by Public Service Company of New Hampshire. The issue of Public Service is in the hands of our legal office.

If any resident has a question regarding any town issue please feel free to call the town office - if we are not available our administrative secretary, Mrs Main, will try to answer your questions.

Margaret Lamson, Chairman  
Board of Selectmen

Selectmen  
Town of Newington  
Newington, NH 03801

I have examined the combined financial statements of the Town of Newington, New Hampshire, and its combining and individual fund financial statements as of and for the year ended December 31, 1988. As part of my examination, I made a study and evaluation of the Town's system of internal accounting control to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis of reliance on the system of the internal accounting control in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements.

My study and evaluation of the system of internal accounting control was made for the purpose set forth in the paragraph above and accordingly would not necessarily disclose all weaknesses in the system because it was based upon selective tests of the accounting records and related data. As a result of this study and evaluation, I have noted no particular areas where improvements can be made to strengthen the system of internal accounting control.

At this time I wish to thank the Town officials, especially Mrs. Pat Main and Mr. Norman Myers, for the cooperation and courtesy shown my staff during the course of the engagement.

I.R. Lebel  
Certified Public Accountant

## LANGDON LIBRARY ANNUAL REPORT-1989

The Library had a great year with over 4,900 items being circulated and 1,108 people using the Library for reading and research. We added 600 new items to our collection in 1989. In cooperation with the Recreation Department, we had a successful Summer Reading Program.

Our hours are:

Wednesday	Winter 1-6p.m. Summer 1 - 5p.m.
Thursday	Winter 1-8p.m. Summer 1 - 8p.m.
Friday	Winter 1-6p.m. Summer 1 - 5p.m.
Saturday	Winter 1-6p.m. Summer 1 - 5p.m.

Telephone: 436-5154

Trustees: Patty Borkland (C)  
Adeline Johnson  
Christine Beals

Meetings of the Trustees are held the first Thursday of each month at 3:00 p.m. in the Library. The public is welcome.

PROGRAMS: School Library, twice monthly on Wednesday mornings- grades K-6  
Checklist registrations accepted during regular business hours.  
Newington Neighbor articles, reports and notices received for publication.

SERVICES: Book buying for patrons, acceptance of donations to be accessioned or sold to benefit the Library, large paperback book collection, large print book section, telephone references and availability of over 60 magazine subscriptions.  
Free passes are always available for the Portsmouth Children's Museum.

Respectfully

Duane E. Shaffer  
Library Director

## REPORT OF THE PLANNING BOARD

During 1989, the Planning Board received six applications for land subdivision, and acted on three other applications that were initiated prior to 1989. All nine applications were for land located in the town's residential district.

The nine subdivision applications in 1989 proposed a total of 33 new building lots. Of these 33 proposed new lots, 4 received final approval (Knox, Bowser, Thomas and Brad Coleman), 10 lots received approval contingent upon the developer submitting a bond for roadwork (Packard), an application for 2 lots was withdrawn (Cooley), 14 lots were denied (Krah), and Planning Board action is still pending on three other lots (Goldsmith and Nelson).

The Planning Board also reviewed 13 applications for non-residential site plan review, two of which were initiated prior to 1989. The 19 proposed subdivisions and site plans which were submitted in 1989 represents a slight decline compared to 24 applications in 1988, 32 in 1987 and 22 in 1986.

Site plan approvals in 1989 included a salt storage pad at Sprague Energy's Newington Terminal, along with two 197' silos for the storage of cement. The Board also approved an expansion at Mitchell's Exxon, and non-hazardous industrial uses at E.F. Mooney's Tri State Industrial Building. Applications which were reviewed but were either withdrawn, require further information, or are still pending include a 59,000 square foot office/retail complex adjacent to the Hoyt Cinemas, a bank building at the corner of Nimble Hill Road & the Spaulding Turnpike, a pier expansion at Simplex, a Coast Guard Post Exchange in the Industrial District, expansion at Beane Farm complex, a cogeneration plant at Sprague, an expansion at Toys R Us, and erection of a free-standing refrigeration unit on the Great Bay Fish Company premises.

The redevelopment of Pease AFB has demanded a great deal of the Planning Board's time and energy during the past year. The Planning Board remains determined to do everything in its power to protect the interests of the townspeople over the course of the coming years, as the redevelopment process promises to have a very significant impact on every resident of Newington.

Respectfully submitted,  
Marlon S. Frink, Chairman

## BOARD OF ADJUSTMENT - 1989

The Board of Adjustment took the following actions in 1989:

February      Granted Atlantic Trust Co. variances from Setback and Frontage requirements to allow construction of a bank on the former Souter Yacht Sales property on Nimble Hill Road.

March          Denied request from Jean Bowser, Little Bay Road, for variances to allow creation of a three lot subdivision

May            Granted variance from frontage requirement to Jean Bowser to allow creation of a two lot subdivision.

Denied request by Joseph Mitchell for variances to allow expansion of his Exxon service station at the corner of Woodbury Avenue and Gosling Road.

Denied request from Douglas Krah, owner of the former Emery property, for variances from the Wetlands Ordinance, and Appeal of an Administrative Decision. Granted Mr. Krah Special Exception to allow a roadway to cross a wetlands area and a Special Exception to allow residential construction on poorly drained soils.

June           Considered petition from Douglas Krah for a re-hearing relative to the May 31, 1989, decision of the BOA and denied on the grounds that no new evidence was submitted.

September    Granted Phyllis A. Pickering a Special Exception to convert her home on Fox Point Road to two family providing the State verifies that the septic system is adequate.

Granted variances to Joseph Mitchell to allow an addition to his Exxon Service Station at the corner of Woodbury Avenue and Gosling Road. Plans submitted were modified from those submitted in May '89.

## LAMPREY REGIONAL SOLID WASTE COOPERATIVE

The Directors of the Lamprey Regional Solid Waste Cooperative are pleased to continue to report that the incinerator/energy recovery plant located on the campus of the University of New Hampshire is operating on a continuous twenty-four hour, seven days a week schedule.

The day-to day operation is carried out under the supervision of the Cooperatives Administrator, under the general supervisory control of the three member Operations Committee from the Joint Board of Directors. The plant personnel, in addition to the Administrator, includes the plant superintendent, two mechanics, two truck drivers, two daily shifts of 12 hours each involving eight persons plus daily clean-up crew and the secretary. This organization operates the incinerator system, maintains records, and coordinates with the University's heating plant staff to monitor the boiler and steam production elements of the plant. The Cooperatives organization also handles the collection of refuse from the transfer stations of four communities, and handles the ash removal and its transfer to the landfill.

The \$1.8 million Ash/Sludge landfill in Somersworth was completed during the summer and is now in full operation with one Landfill employee. This is a great step forward for the Cooperative, because we now have a permanent ash landfill.

In 1990 we have instructed the Administrator to investigate the feasibility of the Lamprey Regional Solid Waste Cooperative doing regional recycling. We again are trying to keep in the forefront of municipal waste to benefit the communities in the Cooperative and to be cost effective. If all goes according to plan the Cooperative should be able to present to the Communities a regional recycling alternative in late 1990.

In January we will be presenting our first newsletter to the communities in order to keep the communities better informed.

Joseph B. Moriarty  
Chairman

## ACTION TAKEN ON WARRANT

### TOWN MEETING 1989

- Article I..... Election of Officers.
- Article 2 ..... Adopted Zoning Amendments as proposed.
- Article 3 ..... Voted to leave care and maintenance of buildings to Selectmen.
- Article 4 ..... Voted to allow Selectmen to dispose of any Real Estate acquired by Tax Deeds.
- Article 5 ..... Voted to authorize the Selectmen to borrow in anticipation of taxes.
- Article 6 ..... Voted authority to expend interest from Sewer Investments to offset sewer expenses.
- Article 7 ..... Voted to allow Selectmen to apply for and expend any Federal grant that may become available.
- Article 8 ..... (By Petition) Voted to reserve a portion of the Old Town Hall for the exclusive use of the Historical Society.
- Article 9 ..... Denied motion to accept Granchild Lane as a Town Road.
- Article 10 ..... Voted to change position of Pound Keeper from elected to appointed.
- Article II..... Voted to approve Selectmen entering into an agreement with Portsmouth. Re: Pease Redevelopment.
- Article 12 ..... Voted to appropriate \$820, for Seacoast Hospice.
- Article 13 ..... Voted to appropriate \$3,500, for Town Clerks Fees.
- Article 14 ..... Voted to appropriate a total budget of \$2,686,180.
- Article 15 ..... Heard report of the Moderator.

## 1989 FIRE DEPARTMENT ANNUAL REPORT

The year of 1989 shows a decrease in fire calls by 16% over 1988. The Fire Department responded to 221 calls. The following is a breakdown of the calls by districts:

14%	to the Industrial District
32%	to the Business District
14%	to the Fox Run Mall
8%	to the Newington Mall
11%	to the Residents
10%	for Motor Vehicle Accidents
6%	for Boat Rescues
5%	for Mutual Aid Requests

The Boy Scouts of America, Explorer Post 933 is alive and doing very well. The Post now is a combined Post with the Greenland Fire Department. The Post is now called Newington/Greenland Explorer Fire Post 933. This moved to combined the two Fire Department was an effort to share the training responsibility and the availability of the resource of the two towns young people. This combination has increased the membership to 12 active young people. I wish to thank the Explorer Post for it's help during the past year.

I wish to thank all of the Firefighters for their time and effort in protecting the lives and property of the taxpayers within the boundaries of the Town of Newington. I wish, also, to thank these same people for their time in attending various training classes, both at the Fire Station and throughout the State, in an effort to improve their skills as Firefighters and Officers.

As a final note, I wish to remind the Town residents that the Fire Department is available for public assistance calls, as well as for emergencies. We are here to serve you.

Respectfully submitted,  
Larry Wahl, Fire Chief

## TOWN FOREST FIRE WARDEN

During calendar year 1989, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without written permission of a Forest Fire Warden, children and debris burning fires that escaped control. All of these causes are preventable, but only with **YOUR** help.

Please help our town and state forest fire officials with forest fire prevention. By New Hampshire State law (RSA 224:27), no person, firm or corporation shall kindle or cause to be kindled any fire, except when the ground is covered with snow, **without first obtaining a written permit from the Forest Fire Warden of the town where the burning is to be done.**

In order to eliminate false alarms, it is advisable to notify your local fire department whenever you intend to do any outdoor burning.

Violations of RSA 224:27 are a misdemeanor and you are also liable for paying all fire suppression costs (RSA 224:28 and RSA 224:36).

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1989, including several large fires in the Concord and Chesterfield areas, as well as the 100 acre fire on Mt. Belknap in Gilford, New Hampshire.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden or the Division of Forests and Lands at 271-2217.

### FOREST FIRE STATISTICS - 1989

	STATE	DISTRICT	TOWN
Number of Fires	550	66	10
Number of Acres	553.75	23	0
Suppression Cost	\$93,957.00	\$11,329.00	\$354.00

Lee Gardner, District Chief Larry Wahl, Town Forest Warden Richard Spinney, Deputy Warden Joseph Sukeforth, Deputy Warden

## 1989 AMBULANCE ANNUAL REPORT

The year of 1989 shows an increase in Ambulance calls by 21% over 1988. The Ambulance responded to 336 calls. The following is a breakdown of the calls by district:

6%	to the Industrial District
22%	to the Business District
14%	to the Fox Run Mall
10%	to the Newington Mall
11%	to the Residents
12%	for Motor Vehicle Accidents
2%	for Boat Rescues
23%	for Mutual Aid Requests

The Ambulance does provide a transfer service for the residents of Newington, and this service was called upon 4 times. It is a privilege to provide this service for the residents.

Some of the Ambulance personnel are trained and are willing to provide to the residents, through an outreach program, CPR training. Any resident of the Town of Newington wishing to be taught or to be recertified in CPR, can contact the Fire Department and have your name placed on a list to be enrolled into the next available class.

I would like to take this opportunity to thank all Ambulance personnel for their unselfish contributions to the Town of Newington, by sacrificing their time to serve on the Ambulance. Each of these members has been trained to at least the basic level of Emergency Medical Technician (EMT), and they continue to attend classes and seminars to improve their skills. The area hospitals have continue to provide classes in advance skills for Pre-hospital Care. This has helped in opening lines of communications for the ambulance attendant with the Emergency Department staff. The members of the Newington Ambulance service have constantly received praises from the local hospitals, for their care of the sick and injured. The compliments from the Emergency Department doctors and nurses have helped these people to continue to serve.

Once again, I wish to thank the members of the Ambulance service, for their time and effort in providing quality pre-hospital care for the Town of Newington.

Respectfully submitted,  
Larry Wahl, Ambulance Director

## **NEWINGTON POLICE DEPARTMENT**

### **1989 ANNUAL REPORT**

During 1989, the Police Department recorded 156,703 miles and received 2,553 complaints or calls for assistance. Investigations by the Department's officers included 577 criminal cases, 4 missing Persons and 9 animal complaints. There were 322 criminal arrests.

In the area of highway safety, efforts of our officers resulted in 116 motor vehicle arrests, 1,226 summonses, 993 motor vehicle warnings and 7 defective equipment tags being issued. Officers assisted 261 motorists while on routine patrol and rendered assistance to other law enforcement personnel on 452 occasions. During 1989, there were no fatal accidents, 232 property damage accidents and 27 personal injury accidents reported; a decrease of more than 20 percent over the previous year.

Police activity resulted in 1,578 cases being prepared for the Portsmouth District Court or the Rockingham Superior Court.

The Department's prevention and service program resulted in 6,281 building checks and 44 escorts being made. The Department investigated 293 burglar alarms, responded to 63 fire calls and assisted in 64 ambulance calls.

During 1989, 20 motor vehicles were reported stolen from Newington and 13 were recovered. Additional property valued at \$357,967 was reported stolen from Newington, while recovered property totaled \$53,514.

This past year has seen a number of changes for the Police Department. After years of planning, the new Police Station became a reality as the Department moved to its new facility located directly behind the Town Hall in early June and held a dedication Open House on June 24, 1989. The new station provides just under 5,000 square feet of finished space on the first floor for offices, records storage, evidence, two holding cells, and a drive-in sallyport. The second floor contains approximately 2,700 square feet of unfinished space for future offices and meeting or training areas. A great deal of gratitude is due the past and present members of the Board of Selectmen, the Building Needs Committee, the Police Commission and the budget Committee. But, most importantly, the Department extends its thanks to you, the residents of Newington, who approved the final project and

# **Newington Town Warrant**

State of New Hampshire

## NEWINGTON TOWN WARRANT

### STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF NEWINGTON IN THE COUNTY OF ROCKINGHAM AND SAID STATE QUALIFIED TO VOTE IN TOWN AFFAIRS:

YOUR ARE HEREBY NOTIFIED TO MEET AT THE NEWINGTON TOWN HALL ON TUESDAY MARCH 13, 1990, AT 10:00 A.M. TO ACT ON ARTICLES 1, 2 and 3.

The Polls will open at 10:00 a.m. and close at 6:00 p.m.  
The business portion of the meeting to act on Articles 4 through 17 will resume at 1:30 p.m. Saturday  
March 17, 1990.

ARTICLE 1. To choose in the manner provided by law: One Selectman for of 3 years; 1 Town Clerk for 1 year; One Moderator for 1 year; One Tax Collector for 1 year; One Treasurer for 1 year; One Highway Agent for 1 year; One Trustee of Trust Funds for 3 years; One Supervisor of Checklists for 6 years; One Supervisor of Checklists for 4 years; One Supervisor of Checklists for 2 years; One Member of Board of Fire Engineers for 3 years; One Member of Police Commission for 3 years; One Library Trustee for 3 years; One Superintendent of Cemetery for 1 year; One Cemetery Committee Member for 3 years; One Member of Sewer Commission for 3 years; Two Planning Board Members for 3 years.

ARTICLE 2. To see if the Town will vote to adopt the provisions of RSA 72:28, V and VI for an optional Veterans' Exemption and an expanded qualifying war service for Veterans seeking the exemption. The optional Veterans Exemption is \$100, rather than \$50.

ARTICLE 3. To see if the Town will vote to adopt the provisions of RSA 72:35, IV for an optional property tax exemption on Residential Property for a Service-Connected Total Disability. The optional disability exemption is \$1,400, rather than \$700.

ARTICLE 4. To see if the Town will vote to change the position of Highway Agent from elected to appointed by the Board of Selectmen. If so voted this position will be deleted from the ballot for the 1991 March Town Meeting.

ARTICLE 5. To see if the town will vote to exclude from the Plan (Social Security Coverage) services performed by election officials or elections workers for a calendar year in which the remuneration paid for such services is less than \$100.

ARTICLE 6. To see if the Town will vote to adopt an Ordinance which states: "Any Building within the Designated Historic Zone may not have any Exterior Alterations or Structural Changes without prior approval of the Historic District Commission".

ARTICLE 7. To see if the Town will vote to adopt an Ordinance which states:"Newington Cemetery Lots may only be purchased by Newington Property Owners who are Newington Residents".

ARTICLE 8. To see if the Town will vote, as provided in RSA 654:10, to rescind its action at the 1981 March Town Meeting which exempted the Town Clerk from accepting Voter Registration Applications. This action permits the provisions of RSA 654:8 and 654:9 to apply.

ARTICLE 9. To see if the Town will vote to amend Section 3.02 of the Newington Sewer Operations Ordinance as follows: Delete the portion of the first sentence which reads "The Town of Newington will at its expense initially construct each building sewer to curb or property line (where Lateral ends); and:" Also, delete the words "the remainder of", from line 3 same section. Section 3.02 will read, in part, as follows: All costs and expenses of construction of the Building Sewer, including connection to the structure served, shall be borne by the owner of the improved property to be connected.....

ARTICLE 10. To see if the Town will vote to adopt the New Hampshire Smoking Rules for Enclosed Public Places and, if passed, the proposed New Hampshire Clean Indoor Air Act. (By Petition).

ARTICLE 11. To see if the Town will vote to authorize the Selectmen to apply for, receive and expend federal and state grants which may become available during the course of the next year, in accordance with RSA 31:95-b, and also accept and expend any money from other government unit or private sources to be used for purposes for which the Town may legally appropriate money.

ARTICLE 12. To see if the Town will vote to leave the care and maintenance of Town Land & Buildings to the Selectmen.

ARTICLE 13. To see if the Town will vote to authorize the Selectmen to dispose of any real estate acquired by the Town through Tax Collector's Deeds.

ARTICLE 14. To see if the Town will vote to authorize the Selectmen to hire money on credit of the Town in anticipation of taxes at a rate not to exceed the current bank rate.

ARTICLE 15. To see if the Town will vote authority to expend accumulated interest from investment of sewer revenues to be applied as an offset for the 1990 Sewer Budget.

ARTICLE 16. To hear the report of the Budget Committee and to see what sum of money the Town will vote to raise and appropriate for all Town expenditures for the ensuing year.

ARTICLE 17. To hear the report of the moderator on the election of Town Officers.

Given under our hands and seal the 12th of February, 1990

Margaret F. Lamson, Chairman

Paul Kent

John R. Mazeau

BOARD OF SELECTMEN

We hereby certify and attest that on the 13th day of February, 1990, we posted a true and attested copy of the within Warrant at the place of meeting within specified and a like copy at the South Newington Bulletin Board and at the Meeting House and delivered the original to the Town Clerk.

voted to raise the money to pay for the building. We believe that the result is one which the Town may be justly proud.

On a sadder note, following over two and a half years of therapy, Sgt. Thom Gordon has finally decided to accept a medical retirement following his motorcycle accident. Thom joined the Department in 1977 after serving with the Pembroke Police Department. He rose through the ranks and was the Patrol Division Supervisor at the time of his accident on April 10, 1987. Thom, his wife Susan, and two daughters live on Little Bay Road. The Department will miss Thom's experience and professionalism greatly and wishes him every success in his future endeavors.

During Thom's absence, his position has been covered by utilizing our auxiliary officers who are all part-time police officers certified by the N.H. Police Standards & Training Council. We are grateful to the current and past members of the Police Auxiliary who have given so generously of their time and expertise to fill in for Thom.

Of particular interest to the Department for 1990 is the D.A.R.E. (Drug Abuse Resistance Education) Program which is being considered through a joint effort with the Elementary School. The program, which was developed by the Los Angeles Police Department, has been successfully used in a number of other states and also in the Portsmouth Schools. After receiving two weeks of training in Virginia, our officer would spend one day a week in the school for 17 weeks presenting a series of structured blocks of information, as well as interacting with all students on an informal basis. We are anxious to see this program started in our School.

Officer Stephen Kerlee left the Department in 1989 to join the Dover Police Department. We were fortunate to be able to hire Timothy Stuart, who was working in New Castle as a full-time officer, as well as serving as a part-time officer in Newington. Because he was already certified as a full-time officer and had extensive knowledge of the local community, he was an excellent choice.

We urge you to visit the new Police station and we thank you for your continued support.

Respectfully Submitted  
JOHN K. STIMSON  
CHIEF

## HISTORIC DISTRICT COMMISSION

The Newington Historic District Commission met regularly during 1989 on several very important projects.

The Commission continues to review the **Historic Resources** chapter of the proposed Newington Master Plan and the republication of the Newington Zoning Ordinances. In compliance with a new law, HB 629, regarding town responsibility of private gravesites, the commission has located, identified and mapped several unknown private cemeteries . These sites , along with others yet to be found, will be sprayed, cleared, and documented for location on the Newington tax map.

For several months during this year, the Commission researched Historic District guidelines from surrounding communities. As a result, new guidelines were developed to assist builders and remodelers within the Newington Historic District, previous to obtaining a building permit. Other residents, remodeling historic structures in Newington and wishing to retain the integrity of their buildings, will find the guidelines very valuable and not restrictive.

The Newington Historic District Commission is playing an active role in the redevelopment of Pease AFB with a vital interest in the outcome of the historic areas of the base. Dorothy Watson assisted the US Army Corps of Engineers with the research of the Margeson Estate on Woodman Point. This building has been nominated by the Corps for the National Register of Historic places. In addition, sixty-nine acres remain of the Newington Old Town Forest, on the base property and adjoining the Newington Historic District. This oldest in the country Town Forest was a grant from King George in 1640, and has remain essentially undeveloped. Hopefully, the Newington Historic District can be extended to include this parcel. This would allow Newington to recover some of its heritage, but would allow a buffer from the proposed Airport District. Other historic and prehistoric sites on the Pease property , such as garrisons, ferry landings, Indian encampments and old brickyards need to be surveyed before reuse development begins.

All of the volunteer efforts of the commission members and those who generously assist in special ways, have made the history of Newington a very important task of love for the town and its heritage. Now is the moment for everyone to monitor very closely the development of Pease reuse. Close attention to development and

appreciation of historical areas are crucial to the preservation of the community life of Newington, NH.

Barbara Hill  
Newington  
Historic District Commission

## HISTORICAL SOCIETY

After being closed for two years while restoration was taking place, the Old Parsonage was reopened this year. Open house was held in July, and the usual schedule of being open on Thursday afternoons was reestablished. Because the attendance was greatly increased over previous years, the Parsonage was kept open through mid-September.

In preparation for the opening, members of the Historical Society spent a total of 55 man-hours in unpacking, cleaning, and setting up all the furnishings which had been in storage. Unfortunately this did not leave time needed to make new curtains, as had been planned, but the textiles needed will be the first priority in 1990.

In September two representatives from S.P.N.E.A. visited the Parsonage for the first time, and were surprised and delighted with what they saw. Situated in the shadow of Portsmouth's wealth of historic homes, and our very modest publicity causes the Old Parsonage to be a relatively unknown house museum. However more than forty people from out of town found us last summer and were delighted with their find.

Long range plans for the Society include restoration of some of the furnishings and cleaning of our paintings. Since this is very expensive special funds will have to be raised. Thanks to Carl and Mary Jean Scholl, a restoration fund has been established, and additions will be appreciated.

Apart from the Old Parsonage, the Historical Society has been working with the Historical Commission and Cemetery Committee to document the old graveyards in town. Twelve of these have been located.

Meetings of the Society for 1990 will be held monthly from February to May and in October and November in the fall. New members are most welcome and all meetings are open to the public.

## NEWINGTON CEMETERY COMMITTEE

The Newington Cemetery Committee met at the Town Hall on December 8, 1989 for its Annual Meeting.

The Committee welcomed its new member Cosmos G. Iocovozzi.

We have planted groups of trees around the Cemetery, along the stone wall and near the entrance. These are balsam type. We wish to commend the Newington Conservation Commission for planting more trees along the back fence line, abutting the gravel pit section, to serve as a screening effect. This project, sponsored by the Conservation Commission, planted approximately 100 balsam trees in this area. Mr. Olson, who directed the project, extends his special thanks to Jane, Daniel and Andrew Hislop, Libby and Taylor Smith, Chuck Dill, and Lydia Frink for their time and effort in accomplishing this task.

Items under consideration for the upcoming year include:

Flags for Memorial Day. Although the D.A.V. put flags in the cemetery, there frequently are not enough. Mr. Olson suggested the Town buy three gross of 10"X 16" flags. He has included \$50.00 in the budget for this purpose and feels this should become a recurring item. The Committee concurred.

Removal of the hazards in the cemetery, especially the big trees. One tree is deemed to be a safety hazard. Pruning costs each year range from \$100 to \$150. Mr. Olson has an estimate on tree removal. However, any tree proposed for removal will have to be approved by the Historical Society.

Renovating Markers. Mr. Olson will continue fixing up three or four each year as he has been doing.

The Budget proposed by Mr. Olson was approved and signed by all members.

The Committee wishes to pay a special tribute to the late Ernest Kaddy. He first came on the Committee in 1965 and remained a member for more than 20 years. He served faithfully and well throughout his years of service to the Committee and to the townspeople. Whenever problems confronted the Committee, he always had the expertise to help in resolving them. He generally drove through the cemetery several times during the week, just checking to see how things were going and to see if he could help. He never forgot those that had gone before him, and now it is our turn to remember him. We shall miss him.

Respectfully

Donald E. Beals, Chairman

## CONSERVATION COMMISSION

### ANNUAL REPORT

In view of the national trend, the Conservation Commission has considered the option of recycling. Estimates from four companies were reviewed and only one was thought to be cost effective; the collection of aluminum cans. No action was taken, however, and until paper and glass products become more of an incentive to recycle, the plan was dropped. Individual households can cut down of the volume of waste by buying more items that use recycled paper and avoiding excessive packaging and styrofoam products.

Member Doug Reed was recently presented with a certificate by Selectman Peggy Lamson for attending a seminar given by the State Department of Environmental Services at the Exeter Town Hall on operating a recycling program.

300 fir trees were planted in the spring in several areas of town. Lead by Bob Olson with the help of Jane Hislop, her sons Daniel and Andrew, Libby Smith and her daughter Taylor, Chuck Dill, and Lydia Frink. Dorothy Watson helped Bob Olson plant the songbird & wildlife packages in back of the "Flynn Pit".

The Commission's project for the summer of 1990 is to clean up debris on the south shore of Fox Point to make it more attractive for swimming and recreation.

## NEWINGTON SCHOOL DISTRICT WARRANT

1990

### The State of New Hampshire

To the Inhabitants of the School District of the Town of Newington in the County of Rockingham and State of New Hampshire qualified to vote upon district affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE NEWINGTON TOWN HALL IN SAID DISTRICT ON TUESDAY, MARCH 13, 1990, AT 10:00 O'CLOCK IN THE A.M. TO VOTE FOR DISTRICT OFFICERS:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose a member of the School Board for the ensuing three years.

POLLS WILL NOT CLOSE BEFORE 6:00 P.M.

NOTICE: The foregoing procedure calling for election of your district officers at the annual meeting is authorized by Statute (RSA 197:1-a) and was adopted by the district at its 1962 meeting.

GIVEN UNDER OUR HANDS AND SEALS AT SAID NEWINGTON THE 21ST DAY OF FEBRUARY, 1990.

A true copy of Warrant—Attest

Paula S. Akerley  
Wendy Sweeney  
Barbara D. Hill  
SCHOOL BOARD

## **NEWINGTON SCHOOL DISTRICT**

**1990**

### **The State of New Hampshire**

To the Inhabitants of the School District of the Town of Newington in the County of Rockingham and said State qualified to vote upon district affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE NEWINGTON TOWN HALL IN SAID DISTRICT ON SATURDAY THE 17TH DAY OF MARCH, 1990, AT 1:00 P.M. TO ACT ON THE FOLLOWING ARTICLES:

NOTICE: School District Officers are to be elected at the Town Meeting, March 13, 1990, in accordance with the Statutory Election Procedure adopted by the District at its February 23, 1962, annual meeting.

ARTICLE 1. To see what action the District will take in relation to reports of agents, auditors, committees, or officers chosen.

ARTICLE 2. To see if the District will authorize the School Board to make application for, to receive and spend in the name of the District, such advances, grants in aid or other funds for educational purposes as may now or hereafter be forthcoming from federal, state, local or private agencies.

ARTICLE 3. To see if the Newington School District will appropriate the sum of Three Thousand Dollars (\$3,000) as a contingency fund as provided under RSA 198:4-b. (Recommended by the Budget Committee.)

ARTICLE 4. To see if the district will vote to raise and appropriate the sum of Eighteen Thousand One Hundred Fifty-six Dollars and Ninety-four Cents (\$18,156.94) to fund the increase in cost items relative to teachers' salaries and fringe benefits for the 1990-91 school year which are the result of good faith negotiations with the teachers and which represent the negotiated increase over last year's salaries and fringe benefits. (Recommended by the Budget committee.)

ARTICLE 5. To see what sum of money the District will raise and appropriate for support of schools, for the payment of salaries of

School District Officials and Agents, and employees and for the payment of statutory and other obligations of the District.

ARTICLE 6. To hear the reports of the Moderator on the election of the School District Officers.

GIVEN UNDER OUR HANDS AND SEAL AT SAID NEWINGTON  
THIS 21ST DAY OF FEBRUARY, 1990.

A true copy of Warrant—Attest

SCHOOL BOARD

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

I am pleased to submit my eleventh annual report to the citizens of Greenland, New Castle, Newington and Rye.

My reports of the past two years have addressed the accreditation process in which four of our schools have been engaged. The process consists of an intense program of selfevaluation involving the entire staff and consuming from eighteen months to two years. Following that, a team of professional educators spends three full days interviewing staff, parents, and board members along with reviewing every facet of the school operation. The team develops a full report of its findings and recommends whether accreditation should be granted. The granting authority is the New England Association of Schools and Colleges (NEASC.)

I was extremely pleased and highly honored to represent our schools at the annual meeting of NEASC last December at which I accepted plaques on behalf of the Greenland Central School, Rye Elementary School and Rye Junior High School, signifying full accreditation.

I wish to express my sincere gratitude to all of the staff members from each school for the many, many hours of hard work that went into the process.

Initially, each school is asked to designate a chairperson to provide leadership throughout the process. Each of the three schools designated a team of two people to fill this role. My deepest gratitude goes to Nancy Emerson and Melanie Lovering from the Greenland Central School; Carolyn Clithero and Kathleen Cole from Rye Elementary School, and Kathleen Collyer and Jay Forrest from Rye Junior High School.

The Newington Public School is presently involved in the self-evaluation phase and expects to receive a visiting team in the spring of 1991. The Maude H. Trefethen School in New Castle continues to seek an alternative route to accreditation that might be pursued by a very small staff.

There seems little to argue with the fact that a current, clearly stated, and effectively delivered curriculum is the backbone of our public school system. In order to assure that our core curriculum is periodically reviewed and updated, we have committed ourselves to annually assessing one of the core curricula areas, updating our

written program in that discipline and designing our in-service activities for teachers around that subject.

This year we have selected science to receive our focus. The Science Curriculum Committee has nearly completed rewriting the science curriculum guide. In addition, the committee arranged a workshop pertaining to the teaching of science, which was presented to all staff on January 10. The committee is working on a second such program to be offered in the near future. In addition, the committee has nearly completed plans for a two credit course related to science instruction which will be available to our staff and offered locally. The committee should be proud of their accomplishments this year. Science instruction and the students who will receive it will be the beneficiaries.

Last fall the school boards of SAU 50 hosted area legislators in a give and take session covering four main themes. Selected as topics for discussion were the funding of education; special education; federal and state mandates relative to asbestos, radon and lead contamination and related issues; and the state versus federal observance of Memorial Day. A number of legislators attended including House Speaker Douglas Scamman, Jr., House Education Committee Chair Patricia Skinner, Senator Elaine Krasker, Representative John McCarthy and Representative Eugene Ritzo. The discussion was lively, informative and I believe, productive. Legislators and board members alike spoke of the value of such a meeting expressing a sense of having shared some important information and also having learned from the process.

The value of this kind of meeting is reflected in the fact that the boards are strongly considering extending an invitation to legislators to meet annually. Among other things, this will allow the boards to offer input and exert some influence on legislation affecting our local schools.

Anyone who has even casual contact with written or broadcast news is undoubtedly aware of the national concern for the standards and quality of American education. Allegedly, as a nation we are tolerating an educational system that is producing students who, by and large, are ill equipped to meet the challenges that society will present. It disturbs me personally that our schools are viewed by some in this light.

There are a multitude of complex issues that confront public

education today that were absent just two or three decades ago. Space does not permit the lengthy discussion that this warrants. Suffice it to say that society has undergone immense change which has changed, perhaps forever, the role of schools in society. Today's public schools are multidimensional, often serving the community in ways far beyond the traditional. The school serving as a child care center is just one example. The scope of instruction has expanded considerably while the length of the school day has changed little. In addition to the standard subject matter, we deal regularly with health and health related issues such as drug and alcohol abuse and AIDS. We also instruct on issues of safety, abuse, and self-concept and there is currently a growing effort to have our schools deal with the very difficult subject of character and citizenship. My point in raising this is simply to illustrate the growing responsibility that our society has placed upon its schools and the expectations that arise.

It may be time to redefine with all of the clarity we can summon the role and specific tasks of our public schools.

What are your thoughts? I would truly like to know.

Daniel C. Durgin  
Superintendent of Schools

January, 1990

## PRINCIPALS REPORT

January, 1990

Dear Citizens:

This is always a fascinating and interesting time of year. For it provides us an opportunity to render a commentary on the past year and in the process the rare luxury of reflection.

"What are we in business for?" The answer to this question has as many answers as the number of people asked. And therein lies a major problem with the continued bombardment that education receives from numerous constituencies. However, we feel a workable response may be phrased as the business of growing "kids" - who are stronger, more autonomous, more self-reliant, more competent. In other words we address the "whole child". This may sound a bit hackneyed, but each day's experience with the children reinforces a fundamental principle that we are the sum of all our parts. To this end, a very professional staff designs learning segments that facilitate each pupils personal time clock in relation to prior skills and processes learned. Consequently, upon observation you find a myriad of presentations and strategies being employed. Such examples might be the five year olds busy using the kitchen to stir up a special creation or the upper grades enjoying a stay in the woods in Bridgeton, Maine, furthering their understanding of the environment. Sharing written stories, plays, and projects with peers continues to be a focus. Not only do the originators thrive in the opportunity, but a whole set of verbal and non-verbal objectives are achieved with possibly the biggest being the tremendous boost given to one's self-esteem.

Much emphasis has been and remains upon the use of whole language activities throughout the curriculum. As a result, children have exhibited progress in their ability to assimilate ideas and to produce interesting and technically correct pieces. Supporting this development were conclusions drawn from a writing sample of area students administered by the Seacoast Educational Service.

Although it may seem that written expression was accentuated over the other aspects of the curriculum, rest assured that the whole language method encompasses reading, listening, and a great deal of verbalization in the process of information gathering and sorting.

To help the children in acquiring new and broader reading experiences, the school participated in a national reading program sponsored through Pizza Hut. Working in partnership with the home, the endeavor stimulated the students to read over sixteen hundred books in a five month period. Of course, it helps to have a "free pan pizza" as a motivator. In an effort to provide a wider access to reading opportunities, two book fairs were held. Once again, through parental cooperation and involvement, the children selected numerous books to include in their home libraries while at the same time affording their school a source of funding to build our own little media center. Book swaps were also conducted.

Mentioning the library, it should be stated that we have altered the bimonthly practice of transporting the children to the Langdon facility. Instead the town librarian divides his commitment between the school and the library. The goal is to establish a branch library within the school while continuing to enrich the children's lives through their direct contact with the community library. Additionally, it is our hope that this type of a program will aid us in addressing the Media Standard set forth by the State of New Hampshire. At present we fall too short of meeting the forty odd elementary minimum standards. An in-house library has already been cited. Guidance services and support for the students is the second area of need. We plan to address the concern in the year ahead.

A self study was initiated as part of the New England Association of Schools and Colleges accreditation process. The staff is currently examining the individual learning blocks which is one of nine standards to be covered. As a member of the community, you may have participated in a school survey which took place last March or you might have been a citizen called upon to review and if desired to design a philosophy with accompanying goals for the educational system of Newington. In conjunction with these activities a School and Community Profile was being compiled. And this is just the beginning! The culmination of the self study will occur in the Spring of 1991 when a team of educators, after pursuing our self examination, visits the school to assess our judgements relative to programs and facilities.

A great deal has been said about Educational Technology in the literature regarding school use. Suffice it to say that each of the classrooms is outfitted with at least one computer. Children remain enthusiastic about their presence and teachers continue to incorporate appropriate software into the curriculum, especially in the

disciplines of reading, mathematics, and language arts. From a cost factor it is worthy to note that all the hardware has been purchased through Federal and State funding over the past decade. In addition to classroom computers, two staff members acquired the use of home systems through the Governor's Initiative Program.

Using the broadcasting sophistication of public television and materials forwarded to us from private and public sources, the teachers provided students with many kinds of educational insights not readily available in printed form.

Human resources from the local police and fire departments continue to share their expertise on health and safety issues, while parents and community friends were most accommodating in participating with special events like "Theme Week", Science Circus, and the Young Inventors' Celebration.

In keeping with the "Wellness Theme" initiated a couple of years ago, the lunch director started a nutritious snack program where children can elect to participate each morning similar to the "open choice" menu for lunch. A self supporting breakfast enterprise was modeled for a month, but was dropped due to a lack of student involvement. Children from the upper grades continue to assist in the kitchen with serving and table clean up.

With waste disposal as a central societal issue, the children are currently engaged in a recycling project with a neighboring community. Trays and plastics from the lunch program are separated and brought to a distribution center where a firm from Massachusetts collects them for reprocessing.

Two situations created a need to restructure the instructional delivery within the school. The first is the clustering of 21 pupils in the primary combination while the other dealt with modifying individual learning programs for special needs students in the afternoon. In both cases, the adjustment amounted to 15 hours per week. It should be mentioned that as the demand is altered so is the supply.

Concentrating on that "good start" strategy, a shift in emphasis was launched with the specialists. Children in the lower grades now receive a more personalized approach with less chance of falling through the educational cracks. Involved in the scheme are the Reading Consultant, Chapter I tutor, Speech/Language Therapist, and the Educational Aides.

Building repairs remain on-going with such items as roof and drain leaks, adjustments to the heating system, and window replacements. Painting of the classrooms and reception area has been completed recently bringing us right on schedule with our five year plan. As an interim measure, the windows were recaulked until consideration can be given to a design that will be more practical relative to heat loss.

Furniture and equipment expenditures occurred mostly as the replacement variety. A second freezer for the kitchen and a dozen desks and chairs for grades 1 and 2 fell into this classification. The exception to the above was the acquisition of 50 individual student lockers which now line the main hallway and the foyer to the new addition. Kindergarten students had been enjoying a set of wooden built-ins. The "kids" are so delighted to have as they say "my own space"!

As I close this year's communique, I would like you to know that the young people in your school continue to score above their peers on national assessments. More importantly, when comparing their own actual achievement to potential realization as a group they also fair quite well. Can the program be improved and individual deficiencies corrected? Of course! And it is here within this growing and changing process that I ask for your continued partnership so together we can make a contribution in the lives of the community's children!

## INDEPENDENT AUDITOR'S REPORT

Newington School Board  
Newington School District  
Newington, NH 03801

I have audited the accompanying General purpose financial statements of the Newington, New Hampshire, School District as of and for the year ended June 30, 1989, as listed in the table of contents. These financial statements are the responsibility of the District's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards and the additional standards and requirements for financial and compliance audits as set forth in Standards for Audit of Governmental Organizations, Programs, Activities and Functions. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In accordance with the practices followed by other municipal entities in the State (Note I—Accounting Policies), the combined financial statements referred to above do not include financial statements of the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles.

In my opinion, except for the omission of the financial statements described above resulting in an incomplete presentation, the combined financial statements referred to above present fairly the financial position of the Newington, New Hampshire, School District at June 30, 1989, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles.

My examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The

accompanying supplemental combining financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Newington, New Hampshire, School District. The information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.
